If a class is not finished by (noon) the last day of summer school with a passing grade, an E will be assigned as the final grade.
- You will be allowed to use your notebook for all quizzes and tests. You only have 2 chances on the quizzes and tests and it will record your highest score of the 2 attempts.
- Make sure you are keeping track of your target completion percentage. If you are behind, attendance may be required to catch up. Do not wait until the last minute.
- Although attendance in the online summer school program is not mandatory, it may become mandatory if at any time during summer school your student falls more than 10% behind target completion and/or your student has a failing grade. If a student is more than 10% behind a phone call will be made home and attendance for summer school may

become mandatory until your student gets back on target completion and/or improves their failing grade.
